**Re: Town of Yampa Power Line Upgrade
Physical Address:**

Dear Member,

Yampa Valley Electric Association (YVEA) will be replacing the existing overhead power line currently located on or near your property. This project is scheduled to begin as soon as weather permits, around the beginning of May.

YVEA plans to replace the power line in similar alignment within the existing corridor and right-of-way, with the intent to minimize the construction impact as much as possible.

Please contact me at (970) 871-2253 at your earliest convenience to discuss any questions or concerns about this project. If there are any tenants and/or lessees on the property, please inform them of our plans.

Construction updates can be found on our website at <https://www.yvea.com/current-construction>

Sincerely,

Dan Trevithick
Capital Projects Coordinator
Yampa Valley Electric Association, Inc.
